This drawing was created by a refugee child from Ukraine during the painting workshops held in Cahul and Comrat (Republic of Moldova) on the occasion of World Refugee Day.

The drawings of 20 children were transformed into postcards, becoming visual messages of solidarity, friendship, longing for home, and the courage to move forward.

The workshops were organized by the National Center for Child Abuse Prevention (CNPAC) as part of the project "Together for Education: Encouraging Displaced Families in Moldova," implemented with the support of the Norwegian Refugee Council (NRC) and the Government of Norway.
